To The Grads

Another school year is drawing rapidly to a close and the annual exercises Friday will mark the end of high school life for you, the 1958 graduates of Semiahmoo.

You will no doubt leave Semiahmoo with mixed feelings of pride, joy and sorrow — to go forth and apply some of the knowledge and skills you have acquired while students.

You will take pride that your class is the largest in the history of the school and that you have the honor of graduating in a year when the whole of this province looks back upon a century of progress. Many of you will play a major role in shaping the destiny of British Columbia and of the nation during the next hundred years.

You will experience a feeling of joy in knowing you have reached the first significant plateau of your education and can now decide for yourself whether you will continue the climb to higher education or enter the world of business, commerce, industry or the professions.

You could not bid farewell to Semiahmoo without pausing in sorrow at the realization that school days are over. Sorrow at leaving the school and all its traditions that have been such an important part of your daily lives during the past five years; sorrow at leaving your principal and teachers, who, with patience and understanding have helped to mould the citizens of tomorrow and sorrow at leaving your friends who have shared the many happy memories of your school life.

This is a time of year when much is said and written about education and the opportunities awaiting graduates of today. There has been much advice given by great men to those who are standing on the threshold of new new experiences. Perhaps one of the most fitting thoughts along these lines appeared in a Semiahmoo High School annual some years ago.

It was taken from Joseph F. Newton's "When It A Man Educated?"

"When he can look out upon the universe, now lucid and lovely, now dark and terrible, and feel his own littleness in the great scheme of things, and yet have faith and courage.

"When he knows how to make friends, and keep them; and above all when he can keep friends with himself. When he loves flowers, can hunt birds without a gun, and feel the stir of a forgotten joy in the laugh of a child. When star-crowned trees and the glint of sunlight on flowing waters can subdue him like the memory of one much loved and long dead.

"When he can be happy alone, and remain high-minded among the meaner drudgeries of life. When he can look into a wayside puddle and see something besides mud; into the face of the most forlorn mortal and see something beyond sin.

"When he knows how to live, how to love, how to hope, how to pray — glad to live and not afraid to die — in his hand a sword for evil, and in his heart a bit of a song."

Support the Swimming Club

One of White Rock's oldest and most worthwhile clubs is in need of public assistance. White Rock Amateur Swimming Association requires funds in order to make repairs to their tank adjacent to the pier.

No organization has done more for the well-being of the young people of this district through the years than the Swimming Association. Its rapidly increasing membership during recent years is ample indication that parents have great faith in the fine work coaches and executive are carrying out with the youngsters. Families from other parts of the Lower Mainland who come to White Rock for the summer months have also enjoyed the instruction given by the Club.

It is essential that the tank be kept in top condition throughout the season to insure safe and healthy recreation for Association members. Cost of anchoring and maintaining the float is only part of the expense faced by the Club. They also have to pay their coaches, both on the tank and at the beach, who do such a marvellous job in teaching youngsters swimming and water safety.

You will be helping two phases of the Association's program by donating to this appeal. By making your contribution to one of the Queen of the Sea contestants when they call at your door you will not only be assisting with the expense of repairing the tank, but you will also be helping the girls reach their ultimate goal.

The drive for funds ends on June 28, so keep in mind that as long as White Rock Amateur Swimming Association can continue to operate successfully by teaching young people to swim, the country's drowning fatalities will be on the decrease.

APPLE CIDER

Have you bought some Apple Cider, from any liquor store? The price you have to pay, won't make you buy much more. Near twice the price of Beer, do they think we all are nuts. Regarded by the powers that be, just as bunch of mutts. Many worthy citizens, who drink neither beer or ale. Looked with anticipation when Cider would be for sale. But the price is out of reason, undeniably so. It looks as if for Cider, they don't want it to go. So it's priced to high, that average folk, cannot afford. Is there a nigger in the wood pile, Brewer or Liquor Board. We read of many probes of costs and selling spreads. Let's have one on Cider, we might see a change of heads. What is behind all this, is it that certain interests fear. The more Cider that is bought, the less the sale of Beer. That just seems absurd. Beer drinking will remain. But pricing Cider out of reason, is just a dirty shame.

Valley Drainage Survey, OAP, Vet Aid Urged

MR. SPEAKER:

May I extend to you my heartfelt congratulations on your election to your high office and also for the high regard and esteem in which you are held by all Honourable Members of this House. I would also extend my congratulations to the two young men who moved and seconded the Speech from the Throne for the exceptionally fine job they did.

It is my honour to be the first Conservative to be elected from the New Westminster riding for 32 years. It is the largest riding west of Ontario and covers the south-western portion of the mainland of British Columbia.

With all due respect to the Honourable Member from Victoria City, I represent the first capital of our province, namely, Fort Langley. I would extend a cordial invitation to all Honourable Members to visit this rebuilt historic Fort any time they are in British Columbia.

I also represent the second capital, affectionately known as the Royal City, the home of the famous Salmon Bellies and Adam's Lacrosse Teams, the thriving city of New Westminster, also the fertile municipalities of Langley, Surrey and Delta, and the cities of White Rock and Langley.

STRONG GOVERNMENT

There have been many post-mortems held on the results of the past election. One thing is sure, the Canadian people knew they could trust the Right Honourable, the Prime Minister and his Government. And above all else they wanted a strong Government with a one Canada, a united Canada policy.

I congratulate the Government on the additional money being made available under the National Housing Act. I am sure it will be received with great satisfaction by people in all parts of Canada, especially so in British Columbia. I would suggest to the Government that they might go farther and make available to fast developing municipalities low cost loans for essential services like sewers, water lines, hospitals and schools.

We are all very happy with the additional extension benefit period provided under the Unemployment Insurance Act. This at best is only a stop gap to alleviate hardships until industry and our Government's development program can provide employment for our fellow Canadians.

I am sure we all hope that our industrial leaders and labour leaders will work together using good sense and refraining from demands that will raise prices, cost of living and cost of production.

SOIL CONSERVATION

I would urge the Honourable the Minister of Agriculture in conjunction with the Government of the Province of British Columbia to have a survey made of the drainage, erosion and soil conservation difficulties of the fertile Fraser Valley.

I do hope that some consideration will be given at this session to the plight of some of our senior citizens. I mean those who are unable to work and have very little income except their present \$55.00 Old Age Pension. Even a small increase under the Means Test would help them keep body and soul together.

I would also like to say a word in regard to the veterans, especially of the First World War. I believe that the Means Test should be abolished for those who have been on pension for over five years. It would give them new hope, a feeling that they still have something to contribute to the nation, a feeling that they are honourable citizens in a country for which they sacrificed so much.

I thank the Honourable, the Minister of Public Works for authorizing a survey of the lower Fraser River and Port of New Westminster. This harbour is potentially one of the greatest year round fresh

William A. McLennan, M.P.

water ports in the world. With the right planning and under good management this Port could become the Liverpool of the West Coast. True, it will cost money to put it in condition and keep it open as all river ports do, but the revenue it would produce and the employment it would create would make the expenditures look like peanuts.

The feed grain situation is a problem of great concern to the farmers of British Columbia. They are an unique group. They do not look for additional subsidies but they do want a fair chance as business men to compete. They cannot understand why they should have to pay three times the price for feed grains as their counterparts in the State of Washington and in their sister province of Alberta. They feel that, if this is a free country, they should be able to buy for their own use in competition with farmers in other provinces.

FRUIT

I add my support to the Honourable Members who have spoken in favour of assistance to and support of the soft fruit growers of British Columbia. The strawberry acreage in the Fraser Valley has dropped from 3500 acres in 1948 to 1500 acres in 1957. Although their product is much superior in quality, it doesn't come onto the market for two to three weeks later than the crops from Washington and Oregon. A few thousand pounds dumped on the local market means nothing to the producers south of the line but it depresses the local market to a point where the local growers barely get their cost of production.

Mr. Speaker, we have hundreds of commercial fishermen who have fished generation after generation on the Fraser River between the Patullo Bridge in New Westminster and the Railway Bridge at Mission. Some two years ago this section of the River was closed to commercial fishing which has uprooted many families and has caused hardship to many others.

I would like, Mr. Speaker, to pay tribute to a fine group of men and women who seldom get credit for the services they render this country. I refer to the members of the Press. I congratulate them on their fairness throughout the campaign and the exceptionally fine job they did on election night.

British Columbia is a province that depends very heavily on exports. Over fifty per cent of her citizens are dependent directly or indirectly on the forest industry. It is encouraging indeed that the Government has arranged a Commonwealth Trade Conference to be held this September. I urge the Government to do everything within its power to build up our trade with all countries and for British Columbia to export markets for our forests, fisheries and fruit products.

This Parliament faces a great task and greater responsibilities. I am sure it is the wish and the desire of every Honourable Member of this House that the youth of today, the leaders of tomorrow, will say

LETTERS TO THE EDITOR

Players Say Thanks

The Editor,
The White Rock Sun.

Dear Sir:

I would be grateful if you would allow me the opportunity of thanking those citizens and organizations who assisted the White Rock Players during the recent campaign for funds to send The Playboy of the Western World to the Dominion Drama Festival Finals in Halifax.

Many contributed generously in various ways - so many that it is impossible to officially thank each one individually. Will our friends, therefore, please accept this letter as an expression of our sincere appreciation and our pleasure that we were able to "bring home the bacon."

At the time we requested assistance, we had little expectation of bringing the Calvert Trophy to White Rock, and we feel sure that those who helped us join us in feeling that the "Playboy" and its Director more than justified their support.

Again, thanks.

Yours sincerely,
Una Lilwall,
Secretary,
White Rock Players.

Water Again

The Editor,
White Rock Sun,

Dear Sir:

I note, from your last issue, that Mr. H. S. Lawrence is at it again. This time it is the White Rock Water works that come under his criticism. I hold no brief for that company - see my record with the Ratepayers Association - but I do want to be fair. This White Rock is my home and I feel that every encouragement should be given to institutions within the municipality rather than fly off in ill considered criticism.

Sure Major Hough said there was adequate water. But he was not thinking in terms of what comes out of specific water taps. I feel sure the reference was to the supply of water available to the company and here we have the word of Mr. Johnson that that is so. The fact that equipment, storage and mains service is inadequate come about as a result of phenomenal growth and errors of judgment in the past and will take time to rectify. In the meantime it is up to us as citizens to have patience. If time passes and there is no improvement then is the time to bring out the hammer and start knocking.

In his last letter - a week or so ago - Mr. Johnson said that this, the 24th Parliament, was one of the best Canada ever had.

We have a great, fertile and wealthy nation. We have the greatest leadership that we have had for over fifty years. If we work in cooperation, if we believe in Canada, if we believe in ourselves and our fellow Canadians, Mr. Speaker, we cannot fail.

"The Wealth of the World is Mine"

Oh I love the breeze in the swaying trees,
And the scent of the fragrant pine
With a blanket spread 'neath the stars overhead,
All the wealth of the world is mine;
With a rod and line, I can fish and dine
Like a king at his festive board,
But I'd rather tramp with my old dog scamp,
Than live like a titled lord.

ago - Mr. Lawrence says that he was "inveigled" into coming to White Rock. A man of Mr. Lawrence's apparent intelligence should be immune to inveiglement. In any event, with 360,000 square miles of B.C. territory to choose from, why pick on White Rock? I am sure that in that area there are many spots which would meet Mr. Lawrence's requirements of low taxation and its accompanying concomitant of meagre facilities.

If Mr. Lawrence wants to know where the money is going, all he has to do is attend council meetings or ask to see the minutes of council meetings. These are our records. They are not the private property of the Mayor or councillors. There is no dollar we spend for which we get such good value as the tax dollar. If we feel that we are not getting value there is always election time to argue about that. Mr. Lawrence might even get on the council and show us how.

Taxes Have Increased

The Editor,
White Rock Sun,

Dear Sir:

If all the people obeyed their natural impulse to write "Letters to The Editor," about all the irksome happenings to day, all the papers would have their columns taken up with letters. However, I crave your indulgence this one more time to answer some of the points in Mr. Irwin's diatribe, which did nothing to refute the statement I made that taxes have gone up 18 1/2%, taking the same assessment figure, the 1956 Mill Rate, and the White Rock 1957 Mill Rate.

He mentioned garbage collection by contract. He could have gone farther and mentioned road grading by contract instead of buying an expensive grading machine, also two new light trucks when good second hand ones would have served the purpose.

Everyone knows the \$28 Provincial rebate has not served the purpose it was intended to.

Every municipal council has taken advantage of it with no beneficial help to the taxpayer, and when Premier Bennett was questioned as to this he said we could take care of it by vote. This will likely rebound to the discomfort of many councils when election time comes.

The Dominion Government or the Province could give millions of dollars to the municipalities, and we would find the City Councils and the town planners and high pressure groups would have it out of their greedy hands in a short time.

Under Surrey control we had street lights, roads, paving, garbage collection. I was told the other day that administration of White Rock City Hall has cost \$85,000 or 10% of your tax. At this price we should get more than efficient service, it should be golden.

Yours very truly,
H. S. Lawrence.

Unique Heart Operation Insures Happy Future

The ability to play and have fun as other normal five year olds do, has been brought to Leslee Karen Weiss, daughter of Mr. and Mrs. G. W. Weiss, 2846 Stuyte Road, who is recovering from a unique heart operation performed by Dr. Ross Robertson, Vancouver heart specialist.

Leslee's happy parents report that their eldest youngster is now able to play out in the yard, play with other children and engage in group games, a feat from which she has always been restricted due to her tendency to get out of breath when the least bit excited.

Leslee, a premature baby, was given two years to live, when examined by a doctor at the early age of nine months. Doctors stated the child would succumb to slow suffocation due to an obstruction in one section of the heart which was hindering the blood being pumped into the lungs. Doctors advised her parents, then living in Prince Rupert, to take the child to a warmer climate, whereupon Mr. and Mrs. Weiss moved to White Rock.

It was then Mr. and Mrs. Weiss consulted Dr. Robertson who has been experimenting for a number of years on ailments of the heart. To date Dr. Robertson has performed ten open heart operations but Leslee is the first one he has performed on a chamber of the heart.

Young Leslee was hospitalized at the Children's Hospital, Vancouver, for seven weeks during her heart surgery and there were several days when her recovery was doubtful. But at last she is home with a normal future ahead of her, after five years of repeated trips to the hospital in vain attempts to improve her frail body.

Mrs. Weiss fully expects young Leslee will be ready for school enrollment in the fall of '59.

Expenses entailed in specialist's fees and lengthy bouts of hospitalization have left Mr. and Mrs. Weiss with staggering bills, which have not altogether gone unnoticed by their thoughtful neighbors.

Mrs. J. Tetrault Visits Eastern Relatives

A warm welcome awaited Mrs. John Tetrault, Roper Ave., Sunday evening as she returned from a week's visit to relatives in the east following her participation in the White Rock Players' Dominion title capture with their presentation: "Playboy of the Western World."

Mrs. Tetrault was the guest of her sister, Mrs. Vera Rubery and nephews David and Allan in Sarnia, Ontario; her father, Mr. J. Dunstan; her brother Bob, and sisters Estella and Pearl all of Toronto.

At Winnipeg the thespian visited her husband's family including Mr. Tetrault's mother, Mrs. Caroline Tetrault; his sister, Mrs. L. Hurl together with her four children; another brother-in-law and sister, Mr. and Mrs. Bird and Mr. Tetrault's brother, F-O J. Tetrault together with his wife and two children.

Glad to be home again, Mrs. Tetrault reports that in all of her extensive travel across the Dominion no spot could begin to compare with the City of White Rock.

Del Goodman Again Oddfellow Supervisor

White Rock's beloved Del Goodman has been named supervisor of the Oddfellow's Camp on Semiahmoo Indian Reserve for her seventh consecutive year.

Popular Mrs. Goodman, who has endeared herself to hundreds of summer campers looking forward to a bigger and better year than ever. She reports bookings are already coming. Camp opens on June 29.

Correspondence between the young campers and Mrs. Goodman continues throughout the year in many cases. In fact in one case, she has heard from one young camper for seven years, and with each letter he relates his progress in Scouts and other activities.

Biggest thrill for Mrs. Goodman are the repeaters who return year by year, with sometimes whole families coming in turn, and with each arrival the first anticipation is to meet "Aunt Del" of whom their brothers and sisters have told them such wonderful things. Mrs. Goodman says certain

improvements have been realized at the camp this year which will all add to its efficiency.

Dr. Crawford Gives Free Eye Examinations

The White Rock Vision Clinic co-sponsored by the White Rock PTA and Dr. D. A. Crawford, optometrist, has been instrumental in supplying free eye examinations for all White Rock elementary students from grade 1 through grade 6 with the grade 7 students receiving their eye examinations at the present time.

The Clinic, organized by Dr. Crawford in conjunction with Mrs. D. A. Crawford and the PTA executive has proven to be of great value to all students who have availed themselves of the clinic's facilities.

Dr. Crawford has devoted each Saturday morning during the past year to this community service.

Mrs. Foster of Vancouver was a guest last week of Mrs. Howard Pedlar, Foster St.

HOSPITAL CALENDAR

The Pacific Hospital Group will hold a group dinner at the Holiday Room in Blaine, Washington, on June 11 at 7:30 p.m. All members expecting to go are asked to contact Mrs. E. Howard at W1. 8-1446.

The group will continue to operate their show case in the hospital foyer.

It's a family business for the Waite's who mark their first anniversary in their meat store on Johnston Road this week. Pictured above on this occasion are the members of "Bob's Fine Meats" staff. They are from left to right: Betty, 18; Brian, 14; Mrs. Peggy Waite; Vivian, 16; and Bob Waite.

"Bob's Fine Meats" A Family Affair

Nine years of serving the public of White Rock and district is the fine record held by Bob Waite, who celebrates his first anniversary in his meat store at 1229 Johnston Road.

"Bob's Fine Meats" is a family business with all five members of the Waite household taking part.

Bob, his wife Peggy, daughters Betty and Vivian and son Brian have all played a part in the operation of the store since its opening on June 3, 1957.

The Waite family came to White Rock in August of 1948 and Bob was employed as a butcher with Seaview Meats. He remained with Seaview until November, 1955, managing their meat departments in the Overwaitea and then Quality Grocery on Hilltop.

The Waite's arrived in Canada on Christmas Day, 1947, from Hampshire England and resided for a short time in West Vancouver before moving to White Rock.

A veteran of World War II, Mr. Waite served with the Royal Hampshire Regiment in North Africa and Italy.

Bob highly praised the friendliness he has encountered from his customers while in business here. He believes people prefer the personal service an independent butcher can give to a customer.

Mr. Waite feels White Rock will continue its tremendous growth as more and more younger families settle here. The Hilltop area, especially, will expand rapidly as a bus-

iness district with the downtown section becoming increasingly a tourist centre.

The White Rock Sun joins with other merchants in wishing Bob Waite every success during his next year of operation. For all the specials during Bob's Anniversary Sale see the full page advertisement on Page 13.

O. P. Hospital Auxiliary Meets

The May meeting of the Ocean Park group of the White Rock Hospital Auxiliary was held May 21 at the home of Mrs. T. P. Pugh, Homer St.

The conveners of the booth at the Country Fair - Mrs. Biro, Mrs. Huff and Mrs. Rennie were congratulated on the success of their efforts.

The secretary, Mrs. Tyacke, was instructed to write letters of appreciation to the nurses, Cooper, Shannon, Morris, Heathcliffe and Manten for their generous donations to this booth.

Accepting Mrs. John Dunsmuir's gracious offer of the use of her home, it was decided to hold a garden party and home cooking sale on Wednesday, August 13 at the residence of Mrs. Dunsmuir, 2145 Ocean Park Road. Mrs. Huff will act as general convener with Mrs. Duncan, Mrs. McPhee and Mrs. Rennie as assistants. Plans for the party were finalized as far as possible as the next meeting will not be held until September 17, when Mrs. Ryall will act as hostess, assisted by

Dr. W. Robson, Ontario Road, has just sold his home and has moved to Kelowna. Mr. and Mrs. Eggins of Montreal will shortly take up residence at the former Robson home.

A GENERAL MOTORS VALUE

Just out! New, wide and handsome!

NEW CHEVROLET FLEETSIDE PICKUPS

They're as brawny as they are beautiful—three new Fleetside pickups with broad-backed builds that cut bulky loads down to size! Here are the trucks with the power and cargo capacity to tame tough jobs and look good doing it!

Because they constantly search for ways to serve you better, Chevrolet engineers are first, time after time, with tremendous advances for your business. Now Chevrolet introduces another improvement—enormous new loadspace in a pickup. Hand-some new Fleetsides, a full 6 feet wide, giving you 50% more loadspace. You can carry an extra half-load every trip, free!

Three eye-catching models offer you high-capacity body lengths of 78 or 98 inches, with GVW up to 6,900 pounds.

Those side panels are double-walled where it counts—built to carry rugged, body-punishing loads and still stay new-looking a whole lot longer!

As with other Chevrolet pickups, you get the advantage of a low loading height, extra-sturdy tailgate, and flat-ledge panels to make side loading easier. And you get the best remedy for overhead worry that's ever been built—Chevy's hustling "Thrifty" 6" engine. High-performance V8's are optional at extra cost.

Let your Chevrolet dealer give you all the Fleetside facts... or details about any new Task-Force model, including Canada's lowest priced popular pickup!

Beauties to behold...built for more load!

NEW

Styling that works for you! The new Fleetside's high-styled lines just naturally attract attention and set your business name in a new light. The cab's designed for extra driver comfort!

NEW

Extra-big capacity! The handsome Fleetside bodies are wider, longer and deeper! You get more room for bulky loads, and the full-width, grainless tailgate makes loading easier.

Our Oil Resources

The Editor,
White Rock Sun,
Dear Sir:
The City of Calgary, Alberta could well pay attention to the matter a counsel for the city, S. J. Helman warns them of See 17 May, Sun. Informed the city years since to secure, or at least look into, the oil rights within the boundaries. As an oil and water diver not attention was, as usual, given this letter.

I wrote the Jefferson Lake Sulphur outfit twice, with the same results.

I have a photograph taken July 1938 within the city area. This is of a domal structure often a hint as to what could come.

The Hudson's Bay Company store in Calgary sits smack on oil and doubtless big gas deposits.

I notified Premier Manning and Premier Douglas several times with similar non-attention to the matter in hand, therefore have failed. I offered to turn over my very rich Alberta and Saskatchewan potential oil rights on the Cameron Bell Structure due south of Okotoks, Alberta to them. Women and men today have utterly failed in expressing the great Law of Non-Attachment in their governments and their daily work. This law explains itself.

I have for 45 years adhered to this great ideal which is a vital fundamental issue in the world of today, among all peoples.

I have been hard to deal with all these years in my connection with oil companies because these women and men have utterly failed in the oil business to express honorable dealings with the nations and peoples of the world.

I am weary of this selfishness, crass selfishness it could be termed on the part of business men everywhere. Big business as oil is still has to face a major debacle. So, oil

would appear to be on the way out.

What about my holdings? This Law of Non-Attachment solves my concern - the ideals of True Christianity are good and put into practice, none finer exist.

For goodness sake men and women this time, pay heed to what you are up to. Peace, peace, peace. No such exists. The word loses its meaning.

I would suggest the Hudson's Bay Company and the Canadian Pacific Co. pay attention to advice I have submitted. My time daily draws to the End.

We have at least endeavored to fulfill our conception of 45 years since with no lack, no waste and no excesses. Let all peoples partake freely.

This oil area mentioned on the Cameron Bell Course is liable to be a far greater field than the present Shell Oil holding north of Okotoks.

I am not overly fussy about Gas. In spite of over supply of oil, I like my oil. Rivers of it for all requirements. Remember, no excesses.

A. J. A. BELL.

No Blood Donor Clinic for June

The blood donor clinic scheduled for White Rock next month has been cancelled, William Moffat, president of the local branch of the Red Cross reports.

Mrs. Moffat said the White Rock Lions Club who were to sponsor the clinic find they have too many commitments at the present time.

It is expected a clinic will be held here in the Fall, the president said.

Dental Clinic Receives \$336

A total of \$336 has been received by the White Rock Dental Clinic in contribution from interested groups during the past year, officials reported at the regular monthly meeting of the White Rock PTA held in the Elementary School, Wednesday evening.

Donors were White Rock Lions, \$75; White Rock and Blaine Soroptimists, \$75; White Rock Kinmen, \$100; Army and Navy Veterans, \$71; Canadian Legion Branch No. 8, \$10 and Elgin PTA \$5.

A pie sale sponsored by the Sunnyside PTA netted \$21.35 while a bean sale by the White Rock branch of the Clinic netted \$8.60.

88 children have been enrolled in the clinic this year, 45 of whom were from the White Rock School. 68 children have already had their dental work completed.

CARS Sets Committees 277 Treatments Given

Mrs. J. Black presided for the first time as head of the Surrey Branch of the Canadian Arthritis and Rheumatism Society at the regular monthly meeting held in the hospital on Monday, May 26.

Mrs. Black succeeds Mrs. Jessie Lee who has been president of the Society since its inception three years ago and has faithfully served her term of office.

Committees appointed by the president are: transportation, accommodation and purchasing, Mrs. R. Miller; arts and crafts, Miss E. Keeling; handyman, Mr. R. Iggulien; public relations, Mrs. E. A. Darton; rehabilitation, Miss M. E. Jacks; ways and means, Mr. M. L. Deacon; welfare, Dr. E. P. Robin, Miss J. Jefferson and Mrs. J. D. McMillan; welcome, board of directors, women's, Mrs. M. McMillan and Mrs. Irene Ogilvie; medical, Dr. E. P. Robin.

Thanks were tendered to Mrs. V. Adams for a donation of a ramp and other equipment for arthritic patients and to Crescent Beach and White Rock Transport for delivery of same.

Miss Jefferson reported the booth at the Country Fair had attracted a lot of attention.

Crescent May Day Parade Held Saturday

Half-way up the Crescent Hill was not the best spot for viewing the May Day Parade, especially the marching units. The Air Force Band, of course, stepped it out smartly and with straight backs. But the Scouts, Brownies, Cubs, and even the Eagles' girl band were pretty nearly pooped under the heat of the sun and the length of the climb. Not a twirl of a baton could the small majorettes perform at that spot.

The old cars did themselves and their owners proud, as of course, did the new ones in which were: Reeve Nesbitt, Mrs. T. M. Dave and two others. The second car carried Pete Cotton and Mrs. Stella Hamilton. The first float bore the May Queen, Carolyn Johnson, and her attendants, Darlene Phinney and Carolyn Ellington.

The "Pete" Cotton award was presented to Hamar Foster, who was well applauded.

and articles made by arthritic patients had been sold.

During the month 277 treatments had been given. It was decided to enter a float in the Sea Festival Parade. Next meeting will be June 30, the last meeting prior to the summer vacation.

Odor From School Incinerator Hit

Council will ask the White Rock and Surrey School Board to take prompt action to remedy the foul odors emanating from the incinerator at the rear of the Semiahmoo High School.

Residents in the area complained to Council that the heavy smoke from the nightly burning plays havoc with the neighbor's wash in addition to filling the area with foul air.

Alderman Sid Fennel suggested that a 20 foot stack placed on the incinerator would carry the fumes high above the residents' dwellings.

Other alternative was that the School Board supply garbage containers and that a daily pick-up by city trucks be implemented.

It was pointed out that ashes from the incinerator are placed in a deep hole and there they continue to smoulder continually contaminating the air.

Health Centre Plans Awaits Kennedy, Architect's Decision

The drawing up of building plans of the proposed Boundary Health Unit as White Rock's Centennial project is awaiting the decisions of Dr. F. H. Kennedy and the architect, Alderman Max Zack of the Centennial Committee informed City Council Tuesday night.

Dr. Kennedy feels the need of the Health Unit warrants 10 rooms rather than the proposed seven, Ald Zack reported and this necessary change has presented a problem to the architect who is now attempting to include the additional three rooms without spoiling the lines of the building.

Dr. Kennedy hopes to come to a happy solution within the next two weeks.

Dr. Kennedy might be able to raise a little extra money from other sources not provided in the organizations listed as donors, Ald. Zack stated. The additional rooms will probably cost \$2500.

Ald. Zack reported that Centennial Committee chairman Wilf Hurd did not feel that the Welfare offices belonged in the Health Unit but rather in the proposed City Hall. Council on the other hand feels that it is important that they be placed in the Health Unit and it was the realization of a possible saving of \$70 monthly rental for such offices now being met that influenced Council to approve the Health Unit as a Centennial project.

Alderman Zack pointed out, "There is no agreement yet as far as the architectural plans are concerned but when Council approved the plans then an agreement will be made. There is only a sketch so far and this is being prepared without charge."

cil approved the plans then an agreement will be made. There is only a sketch so far and this is being prepared without charge."

PTA Donates \$5 To W.I. Project

White Rock PTA voted to donate \$5 towards the White Rock's Women's Institute project to send one high school student to the United Nations seminar to be held at the UBC from August 25 to 29. \$15 has already been raised by the W.I. and the sum of \$35 is still required to complete the project.

A letter of thanks was received from the White Rock District Hospital Auxiliary thanking the PTA for their fine contribution to the Country Fair. The PTA will write a letter of thanks to Mr. McEhren for his lovely contribution of lawn chairs which the PTA raffled as their project.

Members agreed to send representatives to the Sea Festival committee meeting when the Children's Parade will be discussed.

enjoy B.C. fish

B.C.'s fame goes around the world as exported products of our fishing industry are enjoyed in many different countries. More important, the value of these exports in dollars reached a total of \$34,000,000 in 1956, it's another example of the importance of our growing fishing industry in keeping B.C.'s economy sound.

DISCOVER BEAUTIFUL B.C. THIS CENTENNIAL YEAR

Vacation in Vancouver and tour the Fraser Valley, too!

Isn't it strange - people travel the world over, often overlooking the beauty that lies outside their doors. How fortunate for us in B.C. that so much of nature's wonderland is so close to us. Take Vancouver, for instance. Here is one of the world's most beautiful harbours. Visitors call it North America's Rio de Janeiro and no nicer compliment can be paid. How recently have you visited your province's Gateway to the Orient, Canada's third largest city?

There's no other city like it in all Canada - with beautiful beaches, parks and playgrounds, with fishing and sailing just off-shore, its "Theatre Under the Stars", its colorful Chinatown, intriguing shops, chair lifts to mountain tops and a thousand other attractions. Golf, tennis, riding, hiking, bowling, sailing - all sports are here for you and your family, and every type of accommodation too, from deluxe hotels to modest motels.

Yes, vacation in Vancouver this Centennial year - and for added fun, see the shows and plays and movies, see the special Centennial events and attractions that are making Vancouver the mecca for tourists from thousands of miles away.

You'll want to tour the Fraser Valley, too. Enjoy the hot springs in Harrison, the Fair at Chilliwack, see the Dominion Day Festival at Mission, see Fort Langley rebuilt as it was in the pioneer days. Plan now - go soon. Contact this newspaper for the newest programme of Centennial events scheduled for the Lower Mainland. Here is your opportunity for your best holiday ever - don't let it pass you by!

B.C. CENTENNIAL COMMITTEE

MAKE A NOTE OF THESE SPECIAL CENTENNIAL EVENTS

- Centennial Track Meet, Vancouver - June 6-7
- American Trials for World Sky-Diving Championships, Abbotsford - June 14-23
- Centennial Rose Show, Vancouver - June 18-19
- International Track & Field Championships, Kelowna - June 21

RIISING FAST ON THE SITE of the new permanent amusement park at Exhibition Park, home of the Pacific National Exhibition, is Canada's highest and largest "Giant Dipper." Opening of the amusement park is expected early in July and will represent a cost of approximately \$750,000 in the first year. An equal sum is expected to be spent in the next two or three years. Regular features of the park will be new rides for young and old and games which will be augmented for the Fair, August 18 - September 1 by additional rides and concessions including an even larger Kiddieland. The Park will be operated by Burrard Amusements Limited, highly experienced operators who, in addition to other parks, have also been identified for many years with the P.N.E. Gayway during the annual Fair.

LAID TO REST

HONEY - May 26, 1958, Pearl May Honey of 12636 - 97 Ave., North Surrey, age 72 years. Survived by three sons, Lyle at Cloverdale, Norval, North Surrey and Gayle, Toronto; one daughter, Mrs. Rena Kadden, Alberta. Funeral service was held Wednesday, May 28 from Chapel Hill Funeral Parlour to Valleyview Memorial Gardens. Dr. L. Sloat officiated.

The Sunnyside Old Age Pensioners are holding their June meeting in the Sunnyside United Church on Friday afternoon, June 6, at 3 p.m. There will be entertainment provided.

Street Scene

by SYLVIA WALTON

Not much light remained to the day. Already the grasses and trees on the verge of the road were wrapped in darkness.

Overhead a slim baby moon hung in a swing of purple cloud, undisturbed by the least breath of wind.

Down in the west, over the brow of the hill, the sky still echoed departing day and glowed smoky red behind the distant line of mountains.

In the forefront the western horn of the bay was a dark blur of mystery, and the still shining waters of Semiahmoo crept inland in two graceful

curves, calm and quiet as a lake.

A line from Longfellow's "Evangeline" came to my mind: "Still stands the forest primeval," for from where I stood it did indeed look as though the shoreline was edged by forest, deep dark and primeval! In reality I knew that it was merely the wooded slope above the railway lines leading round to Crescent Beach. But the last light of day lends enchantment, and like the little rabbit who scuttled back and forth across the road, I was enjoying the shadows!

The stars came out, on my left a lighthouse flashed its message amongst the islands, in the houses opposite the lamps glowed behind the venetian blinds, and in the fir tree at the side of my house a sudden sleepy twittering made me wonder what could have disturbed my feathered neighbours. Remembering the flocks of sparrows which fly out of its sheltering branches every morning, I fear it is a case of overcrowding, and some are in imminent danger of falling out!

However, in a moment all was quiet again, the lone pedestrian being the little rabbit, who no doubt was engaged on some frolicsome business of his own.

I took a last look at the glimmering waters below the hill, could brush and palette capture the brooding mystery of it all?

Surely, I thought as I went indoors, a scene to write about! Neon light and city traffic, crowded pavements, these too have their charms, but this tranquil ageless beauty, lively at any hour of the twenty-four, is a scene which my pen has enjoyed painting.

I love to think that a hundred or perhaps a thousand years ago, some primitive woman peered out from between the tangled forest growth and felt the same pleasure at the peaceful scene as I do tonight!

Laid to Rest

Crescent Beach News

Sympathy of friends and neighbors is extended to Mr. Fred Swackhamer and his son, of Crescent Road, in their recent bereavement of the wife and mother, Florence, who died on May 24 and was buried in Forest Lawn Memorial Park on Tuesday, May 27.

Mrs. J. A. Armstrong of Beckett Road enjoyed a visit recently from a school-mate friend and her husband, Mrs. and Mr. E. Mercy, from Bellingham.

Mr. Jack Berry of McKenzie Street has returned from White Rock district hospital where he had a skin-graft performed on a finger that had the tip cut off in a power mower a few weeks ago.

Mr. and Mrs. Gordon Ridley, with Carol, and Mr. and Mrs. E. E. Wade, went to Guides' camp at MacLennan near Abbotsford, to build a dining room and do some repair jobs before the holidays for Guides arrives.

Mrs. Hugo Peterson entertained in honor of her daughter Jacqueline's 10th birthday on Tuesday, May 27. About a dozen young guests enjoyed the party.

Countable H. Lamb, the special constable on duty at Crescent Beach for the summer, is residing in the guest house on Mrs. J. A. Armstrong's place. He has no telephone at present, but a call to YE. 7-1221 would get to him immediately whenever he might be in Crescent.

Miss E. Walker sold her home on Gilley Avenue to Mr. and Mrs. Honeysett.

Dr. John Walsh sold his home recently to Miss K. E. Horsnail.

Good manners and soft words have brought many a difficult thing to pass.
